Passionate web developer with over five years of experience in front-end and back-end development. Skilled in React, Next.js, Astro, and proficient in working with databases, including MongoDB, PostgreSQL, MySQL, Firebase, and Supabase, to build scalable and data-driven applications. Adept at creating responsive, high-performance websites with a strong focus on UX/UI best practices, website optimization, and seamless user experiences.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript, TypeScript, React.js, Astro, Next.js, Node.js (Express), PHP

Front-end Technologies: HTML5, CSS3, SASS/SCSS, Tailwind, Material UI, Bootstrap, Styled Components

Build Tools: Vite, Webpack, npm, Babel

Version Control & CI/CD: Git, GitHub, CI/CD pipelines, Docker

Testing Tools: Jest, Selenium, React Testing Library, Postman

Design & Prototyping: Figma, Adobe Photoshop, wireframes, UI mockups

Databases: Firebase, Supabase, MongoDB, PostgreSQL, MySQL

Web Best Practices: Responsive design, accessibility (WCAG), SEO, cross-browser compatibility

WORK EXPERIENCE

Freelance Web Developer & UI/UX Designer (Jan 2022 – Present)

- Designed and developed custom e-commerce websites for small businesses, increasing online sales by 30% through improved UX/UI and site performance.
- Built mobile-first, cross-browser compatible web pages optimized for speed (under 2s load time).
- Developed and deployed modern web applications using cutting-edge frameworks and tools.
- Collaborated with clients to create engaging UI/UX designs aligned with branding strategies.

Technologies Used: HTML5, CSS3, JavaScript, TypeScript, React, Astro, Next.js, Node.js (Express), MongoDB, Firebase, Supabase, Bootstrap, Tailwind CSS, GitHub, Figma, WordPress

Web Developer / Event Planner / Performer
MAGIC ART STUDIO (Jul 2016 – Present)

- Developed and maintained event service websites, managed digital marketing strategies, and improved client engagement through UX/UI enhancements.

- Successfully organized and performed art classes, themed parties for kids and adults, interactive science shows and bubble workshops.

Independent Project Manager & Freelance Web Developer (Jul 2009 – Jul 2016)
- Managed freelance web development projects (mostly using WordPress) while overseeing budgeting, logistics, and event planning. Strengthened problem-solving and time management skills.

Front End Software Engineer
ALLOE NETECH AGAVA (Feb 2008 – Jul 2009)

- Developed and implemented responsive UI components, improving website usability.
- Integrated SEO optimization strategies, increasing page rankings by 75%.
- Improved cross-device performance, leading to higher customer retention.

Technologies Used: HTML, CSS, JavaScript, Template Toolkit, Adobe Photoshop, Subversion

Web Developer
WORKS-FOR-WEB (Aug 2006 – Jan 2008)

- Developed custom CMS platforms for real estate and automotive businesses.
- Refactored and optimized codebase, reducing source size by 35%.
- Conducted bug fixes and feature enhancements, improving site functionality.

Technologies Used: PHP, HTML, CSS, JavaScript, XML, MySQL, Selenium, JMeter
